Augmentation to SMM-0464 Project Planning and Design, Proposition 50

Dear Ms. Cheadle:

The Mountains Recreation and Conservation Authority respectfully requests an augmentation of the subject grant in the amount of \$150,000.

Since 2005, the subject grant has been used for project planning and design work on numerous projects. The progress on the respective projects has been detailed in our quarterly reports. The requested augmentation would be used for additional planning activities regarding a number of the projects on the approved list. If you have any questions regarding this, please contact Paul Edelman, at 310-589-3230, extension 128.

Sincerely,

A handwritten signature in black ink, appearing to read 'George Lange'.
